

Clayton County Public Schools

School Name: Kemp Primary School **Year:** 2017 - 2018

Mission Statement

The Vision of the Kemp Primary School media center is to be a program of excellence preparing ALL students to successfully compete in a global society. This Vision is derived from the district's vision statement which states, "The vision of Clayton County Public Schools is to be a district of excellence preparing ALL students to successfully compete in a global society."

The mission of the Kemp Primary School library/media center is to promote a fondness for literacy and to promote information literacy prowess through social, intellectual, collaborative, and cultural stimulation.

MEDIA PROGRAM PLAN

Rationale:

- The Kemp Primary School Library Media Center is dedicated to providing the following
 - Engaging activities and lessons for youth
 - Reading across the curriculum
 - Information access
- Reading is the key to **all** learning. One of the school's primary goals is for every student to be reading on grade level or above by the end of second grade.
- Providing engaging reading activities for students as well as faculty members helps promote the reading program and encourages independent reading.
- Reading across the curriculum not only strengthens students' language skills, but it also increases achievement in language arts, science, social studies, and math.
- Information access skills are crucial for students to become independent, life-long learners and productive citizens.
- We recognize the library media program's role in encouraging, guiding, and supporting the use of appropriate instructional technologies.

Service Priorities:

(What services will you improve and how will improvement be measured?)

- Promote reading interests for all using incentives (AR/AR participation statistics and Follett collection statistics)
- Provide more books for first graders (increase in blue AR books/Titlewise collection analysis)
- Provide current resources (ongoing weeding/Titlewise collection analysis)

Budget Priorities:**(How is your budget being spent and why?)**

- Purchase technology equipment (replace faulty equipment or supplemental classroom technologies)
- Purchase readers for first graders (provide age/interest/reading appropriate text)
- Purchase resources to replace weeded items (insure accurate and current resources are available)

Clayton Reads in Every Season Participation:

Check the media event(s) below will your media program commit to this school year:

FALL
